### Welcome to Street School's Newsletter!

Project Street School believes that every student has a story to tell and a voice that deserves to be heard. This newsletter serves as a platform for underprivileged students to showcase their writing skills, creativity, and talent to a wider audience. Whether through poetry, short stories, opinion pieces, or personal reflections, this space allows young minds to express themselves freely and gain the recognition they deserve.

Beyond just publication, this initiative provides students with valuable exposure, constructive feedback, and mentorship to help refine their skills. By nurturing their potential, we aim to empower them with confidence, communication abilities, and opportunities that will support their future aspirations. Through this newsletter, we celebrate their ideas, perspectives, and dreams—because every voice matters.

# IMPORTANCE OF EDUCATION!

By Azzan Imran, Grade 9

Education is vital for personal growth and societal progress. It provides individuals with essential skills and knowledge, leading to better job opportunities, improved living standards, and self-confidence. It also fosters critical thinking, problem-solving, and informed decision-making. On a larger scale, education promotes economic growth, reduces poverty, and creates a more equitable society. It helps bridge gaps and encourages innovation. Moreover, education cultivates understanding, tolerance, and empathy. In today's rapidly evolving world, continuous learning is essential for adapting to new challenges, ensuring a brighter and more sustainable future for all.....

Beyond academic success and career prospects, education shapes the soul of humanity. It awakens dreams, builds character, and lights the path to a better tomorrow. A truly educated individual is not just knowledgeable, but compassionate, resilient, and visionary. **Education gives voice to the voiceless, strength to the weak, and hope to those in despair.** It is the foundation upon which a brighter, more just, and peaceful world is built — one mind, one heart, and one dream at a time.

# ALLAMA IQBAL

By Aniqqa Imran, Grade 10

Allama Muhammad Iqbal (1877-1938) was a famous poet, philosopher and politician from Sialkot, Punjab. He is known as the “Poet of the East”. Iqbal inspired Muslims with his poetry in Urdu and Persian, encouraging them to believe in themselves and work for a better future.....

He studied in Lahore, Cambridge, and Germany, gaining deep knowledge of philosophy. Iqbal dreamed of a separate country for Muslims, which later became “Pakistan”. His famous speech at Allahabad in 1930 gave hope to many Muslims.

Allama Iqbal passed away on April 21, 1938, but he is still remembered as a national hero. His birthday, November 9, is celebrated as Iqbal Day.

Iqbal’s vision of selfhood and freedom continues to inspire generations across the world. His emphasis on hard work, unity, and faith laid the intellectual foundation for the creation of Pakistan. Today, his poetry and philosophy remain a guiding light for young minds striving to bring positive change to society.

Iqbal’s poetry reminds us to believe in ourselves and never lose hope. He taught that real success comes from strong character, honesty, and hard work. His message still gives people courage to dream big and work for a better and fairer world.

# IMPORTANCE OF TIME!

By Aniq Imran, Grade 10

Time is one of the most valuable resources we have in life. Once it is gone, we can never get it back. Every moment that passes is an opportunity for us to learn, grow, and achieve our goals.

Managing time effectively is essential to living a fulfilling life.

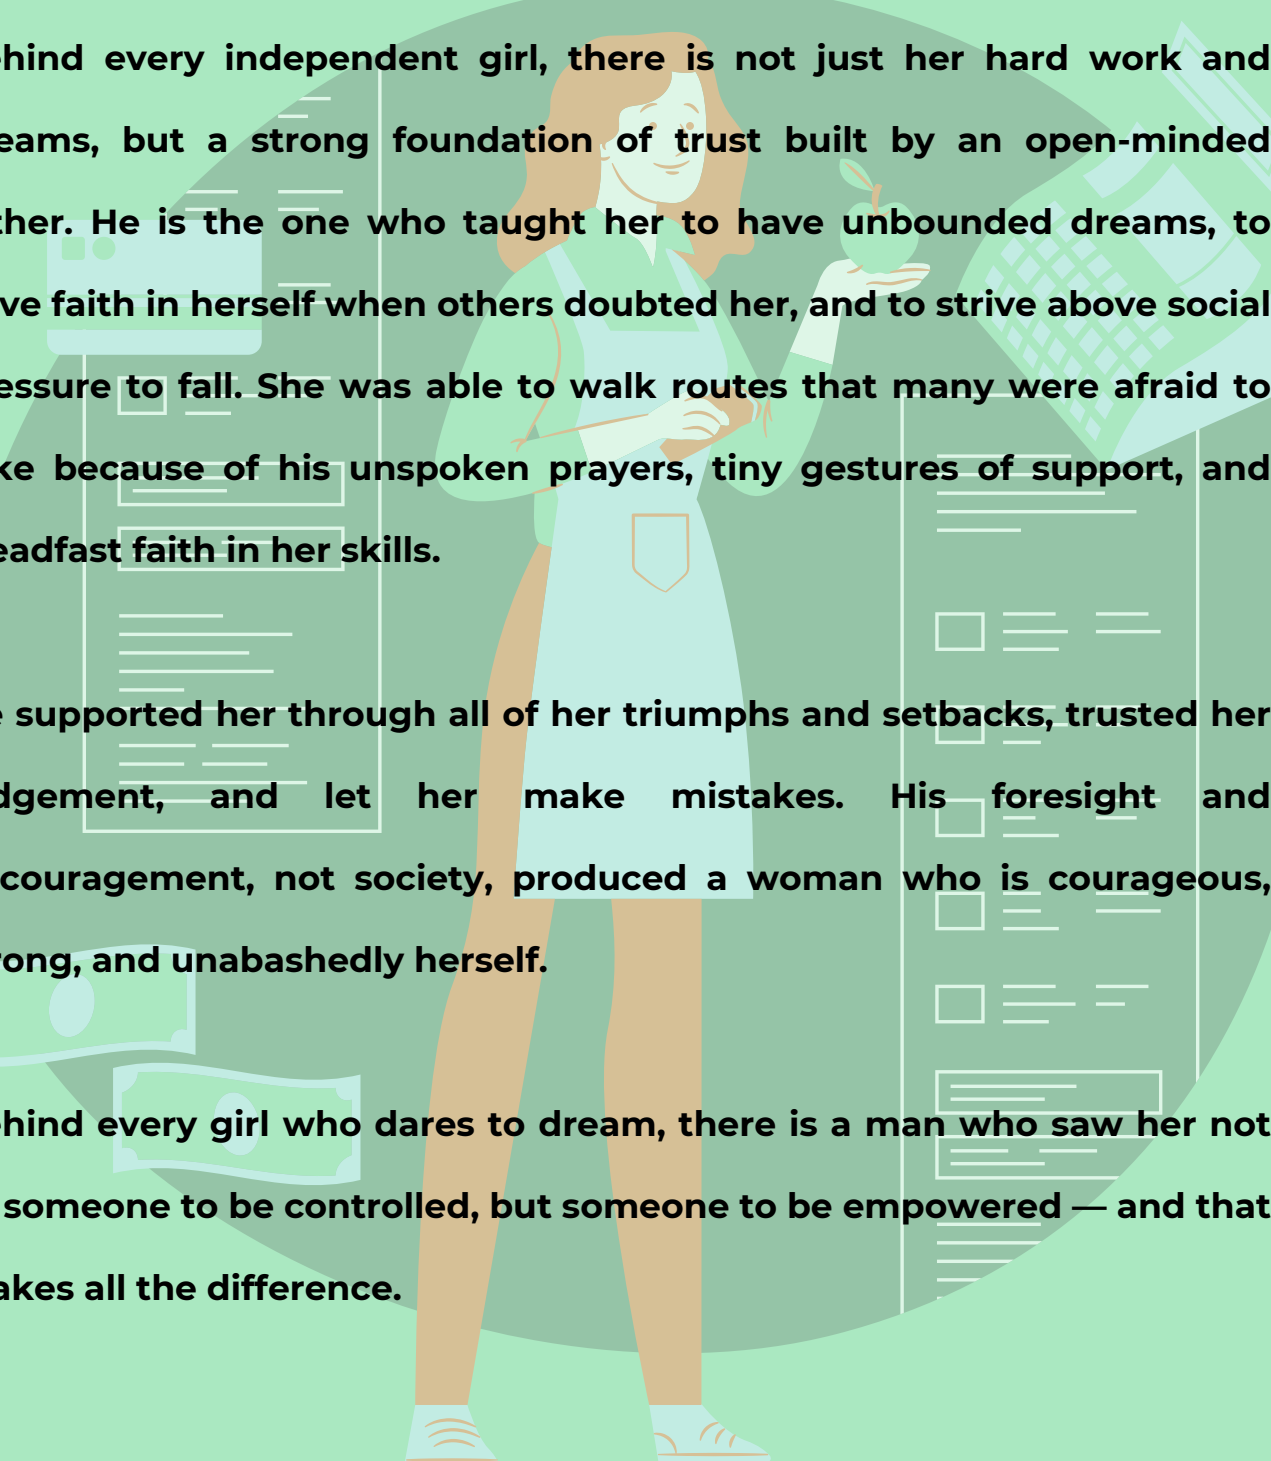

Time helps us organize our daily routines, work, and personal activities. It teaches us discipline, responsibility, and prioritization. By using time wisely, we can improve our productivity and reduce stress.

Time also allows us to plan for the future. When we use time effectively, we can set and reach personal, academic, or career goals. In conclusion, “time” is precious and cannot be wasted. Learning how to value and manage time can lead to success, happiness, and accomplishment in life.

# BEHIND EVERY INDEPENDENT GIRL

By Alisha Younas, Grade 10

Behind every independent girl, there is not just her hard work and dreams, but a strong foundation of trust built by an open-minded father. He is the one who taught her to have unbounded dreams, to have faith in herself when others doubted her, and to strive above social pressure to fall. She was able to walk routes that many were afraid to take because of his unspoken prayers, tiny gestures of support, and steadfast faith in her skills.

He supported her through all of her triumphs and setbacks, trusted her judgement, and let her make mistakes. His foresight and encouragement, not society, produced a woman who is courageous, strong, and unabashedly herself.

Behind every girl who dares to dream, there is a man who saw her not as someone to be controlled, but someone to be empowered — and that makes all the difference.

# غزل

تحریر: آمنہ سعد

دل کے خوابوں کو جلنے نہ دینا  
اندھیری راتوں میں بھی چراغوں کو بجھنے نہ دینا۔  
وقت کے طوفان سے ڈرنا نہیں  
حوصلے کو کبھی کمزور ہونے نہ دینا۔  
ہر چمکتا ستارہ تمہارا نہیں ہوتا  
امید کا دیا مگر بجھنے نہ دینا۔  
زندگی کانٹوں بھری راہ ضرور ہے  
مگر اپنے خوابوں کو مرجھانے نہ دینا۔

# LIFE

By Alina Younas

Sometimes we fail to recognise the beauty of life as a gift. Every minute, every day, and every second matters since time is something that cannot be recovered. We often waste our days worrying about small problems, but life is too short to stay sad for long.

Life is not always simple; difficulties, setbacks, and disappointments can occur. However, these are a part of the trip as well. We wouldn't appreciate happy times if there were no bad ones. The challenges we encounter make every smile, joyful moment, and accomplishment sweeter.

Instead of being stuck in sadness, we should learn to enjoy the little things: a laugh with friends, a beautiful sunset, or a kind word from someone. These small moments are what make life special.

No matter how difficult things get, we should constantly make an effort to remain optimistic, follow our dreams, and never give up. A joyful heart will make the journey simpler, even though problems will arise and disappear. Life is a true blessing, therefore put your troubles aside, enjoy the present, and never forget to smile and be grateful.
